Regional HE/FE Coordinator

**How the Prevent Duty Will be
monitored in Higher Education**

Roles & Responsibilities

Department
for Business
Innovation & Skills

- Here today to tell you about the monitoring regime **but** HE/FE Co-ordinators are **NOT** part of the monitoring regime
- HE/FE co-ordinators are there to provide guidance, advice and support
- BIS secretary Of State is responsible for monitoring in HE institutions – the CT&S Act allows the Business Secretary to delegate to an appropriate body

Principles outlined in the Guidance

Department
for Business
Innovation & Skills

- The purpose of the duty is to ensure a broadly consistent and common geographical and sector based approach to Prevent.
- The new duty is not intended to create large new burdens on institutions
- The **duty is intended to be applied proportionally** to risk – so risk assessment and action planning are key

Monitoring Body Operating Principles

Department
for Business
Innovation & Skills

- **Proportional:** Intervention only when necessary. Remedies should be appropriate to the risk posed, and costs identified and minimised.
- **Accountable:** Body should be able to justify decisions and be subject to public scrutiny.
- **Consistent:** Rules and standards must be joined up and implemented fairly.
- **Transparent:** Body should be open, and keep regulations simple and user-friendly.
- **Targeted:** Regulation should be focused on the problem and minimise side effects.
